Products depicted on this sell sheet are for demonstration purposes only. Actual products offered for sale may vary in design, required attachments and safety features. *The gross torque of this engine was laboratory rated at 2600 RPM per SAE J1940 by the engine manufacturer. As configured to meet safety, emission and operating requirements, the actual engine torque on these mowers may be significantly lower. †Space savings are in relation to the space consumed by a Toro 22" walk power mower. **See retailer for warranty details.
